

Checklist of Tabanidae (Diptera) From Turkey

A. Yavuz KILIÇ

Department of Biology, Faculty of Science, Anadolu University, 26470 Eskişehir-TURKEY

Received: 30.03.1998

Abstract: After a review of the literature on the Tabanidae fauna of Turkey, it was found that 156 species and 12 subspecies have been reported. Twelve of the species are from the subfamily Pangoninae, 19 species and 2 subspecies are from the subfamily Chrysopsinae and 125 species and 10 subspecies are from the subfamily Tabaninae.

Key Words: Checklist, Diptera, Tabanidae, Fauna, Turkey.

Türkiye Tabanidae (Diptera) Faunası Kontrol Listesi

Özet: Türkiye Tabanidae faunasını konu alan literatürün taranması sonucunda bugüne kadar 156 tür ve 12 alttürün tespit edildiği görülmektedir. Bunlardan 12 tür Pangoninae, 19 tür ve 2 alttür Chrysopsinae, 125 tür 10 alttür ise Tabaninae altfamilyasına aittir.

Anahtar Sözcükler: Kontrol listesi, Diptera, Tabanidae, Fauna, Türkiye.

Introduction

Studies carried out to determine the Tabanidae family in Turkey began in the mid-19th century (1, 2, 3, 4, 5, 6). Since then studies have continued to the present day, with the result that 156 species and 12 subspecies have been determined (7-56).

Although many studies have been carried out on the Tabanidae fauna in Turkey, their results have not been collated and published. This checklist was compiled to provide a reference for future studies on the Tabanidae fauna in Turkey.

The localities in this checklist denote provinces in Turkey. Sometimes the provinces of the localities in this checklist are given in the same form as in the paper.

The synonyms given here are the ones reported only from Turkey.

List of species and subspecies

SUBFAMILY: PANGONINAE

Tribe: Pangoniini

Muğla (3)

107. *Tabanus regularis* JAENNICKE, 1866

Adana (10); Aydın, Denizli, Tekirdağ (29); Antalya (29, 30); İzmir (29, 40); İçel (30, 49); Ankara, Konya, Yozgat (46); Eskişehir (48); Erzurum, Hakkari (56); Elazığ (55); Bilecik (50); Çanakkale, Edirne, İstanbul, Kırklareli, Tekirdağ (52).

Tabanus regularis regularis JAENNICKE, 1866
Balıkesir, Denizli (31).

Tabanus regularis rufus SZILADY 1923

Aydın, İzmir (29); Antalya (29, 30).

108. *Tabanus rupium* BRAUER, 1880

Bolu, İzmir, Muğla (29); Eskişehir (48); İçel (49); Bilecik (50); Erzurum (56).

109. *Tabanus semiargenteus* OLSUFJEV, 1937
Hakkari, Kars, Van (42).

110. *Tabanus shannonellus* KRÖBER, 1936

İçel (49); Bilecik (50); Çanakkale, Edirne, Kırklareli, Tekirdağ (52).

111. *Tabanus shekovnikovi shekovnikovi* PARAMANOV, 1934

Erzurum, Hakkari, (42).

112. *Tabanus spectabilis* LOEW, 1858

Konya (24, 30, 46); Çanakkale, Tekirdağ (29); Ankara (29, 31, 46); Erzurum (29, 56); Bolu (30); Eskişehir (30, 46, 48); Çorum (31, 46); Çankırı, Kayseri, Niğde, Yozgat (46); İçel (49); Bilecik (50); Giresun (51); Edirne, Kırklareli (52); Elazığ (55); Erzincan (56).

113. *Tabanus spodopterus* MEIGEN, 1820

Bolu (28, 29); Kars (28); Ankara (46); İçel (49); Bilecik (50); Çanakkale, Edirne İstanbul, Kırklareli, Tekirdağ (52); Elazığ (55).

114. *Tabanus subparadoxus* OLSUFJEV, 1937
Erzurum, Erzincan (42).

115. *Tabanus sudeticus* ZELLER, 1847

İstanbul (28); İstanbul, Kırklareli, Tekirdağ (52).

116. *Tabanus swiridowi* PORTSCHINSKY, 1882
Caucasia (Aras River) (10); Kars, Iğdır (56).

117. *Tabanus tergestinus* EGGER, 1859

Afyon (29, 30); Ankara (46); İçel (49); Sinop (51); Edirne, İstanbul, Kırklareli, Tekirdağ (52); Elazığ (55); Erzurum (56).

118. *Tabanus tinctus* WALKER, 1850

syn. *mixtus* (*Tabanus*) SZILADY, 1914

Bursa (8, 30); Eskişehir (24); Aydın, Balıkesir, Çanakkale, Manisa, Sinop (28); Bolu, İzmir (29); Denizli (31).

119. *Tabanus unifasciatus* LOEW, 1858

syn. *albescens* (*Tabanus*) KRÖBER, 1928

Ankara (15, 30, 46); Afyon, Bursa (29) Erzurum (29, 56) Bolu (29, 30); Çorum (31); Kayseri, Kırşehir, Konya, Nevşehir, Niğde, Sivas, Yozgat (46); Eskişehir (48); İçel (49); Bilecik (50); Çanakkale, Edirne, Kırklareli, Tekirdağ (52) Elazığ (55); Kars (56).

120. *Tabanus yasujensis* BOGATSCHEV & SAMEDOV, 1949

Ankara, Hakkari (43).

GLAUCOPS SZILADY, 1923

121. *Glaucops hakkariensis* SCHACHT, 1983

Hakkari (41).

Tribus: *Haematopotini*

HAEMATOPOTA MEIGEN, 1803

122. *Haematopota bigoti* GOBERT, 1881

İzmir (40); Ankara, Konya, Yozgat (46); Eskişehir (48); Çanakkale, Edirne, İstanbul, Kırklareli, Tekirdağ (52); Elazığ (55); Kars (56).

123. *Haematopota caenofrons* KRÖBER, 1922

Kars (14).

124. *Haematopota coolsi* LECLERCQ, 1966

İzmir (29); Balıkesir, İzmir (31).

125. *Haematopota crassicornis* WAHLBERG, 1848
Bolu (30); Nevşehir (46); Eskişehir (48); Bilecik (50); Adana, Konya (51); Çanakkale, Edirne, Kırklareli, Tekirdağ (52); Elazığ (55); Erzurum, Muş (56).

126. *Haematopota delozi* LECLERCQ, 1966

İzmir (29).

127. *Haematopota gallica* SZILADY, 1923

Edirne (52).

128. *Haematopota grandis* MACQUART, 1834

syn. *fraseri* (*Haematopota*) AUSTEN, 1925

Çanakkale (17); Denizli (29); Eskişehir (29, 48); Içel (49); Bilecik (50); Adana (51); Edirne, İstanbul, Kırklareli (52).

129. *Haematopota hennauxi* LECLERCQ, 1967
Eskişehir (30); Afyon (30, 31); Bolu, Çorum (31); Ankara, Konya, Yozgat (46); Elazığ (55).

130. *Haematopota italica* MEIGEN, 1804

syn. *gallica* (*Haematopota*) SZILADY, 1923

Diyarbakır, Elazığ, Malatya (23); Eskişehir (24); Ankara (46); Içel (49); Sinop (51); Edirne, Kırklareli, Tekirdağ (52); Erzincan, Erzurum, Gümüşhane (56).

131. *Haematopota kemali* SZILADY, 1923

İstanbul, Niğde (28); Konya (28, 46); Erzurum, Tekirdağ (29); Afyon, Denizli (31); Ankara (31, 46); Çankırı, Nevşehir, Yozgat (46); Eskişehir (48); Elazığ (55).

132. *Haematopota lambi* WILLENEUVE, 1921
Eskişehir (51).

133. *Haematopa latebricola* AUSTEN, 1925
Çanakkale (17).

134. *Haematopa longantennata* OLSUFJEV, 1937
Hakkari (42, 56); Kırklareli, Tekirdağ (52); Erzurum (56).

135. *Haematopa nubilis* HAUSER, 1960

Eskişehir (30).

136. *Haematopota ocelligera* KRÖBER, 1922

syn. *belligera* (*Haematopota*) AUSTEN, 1925

syn. *hispanica* (*Haematopota*) SZILADY, 1923

Afyon, İzmir (29); Denizli (31); Edirne (52); Erzurum (56).

137. *Haematopota oenderi* JEZEK, 1990

İzmir (54).

138. *Haematopota pallens* LOEW, 1870

Diyarbakır, Elazığ, Malatya (23); Konya (24); İzmir (31); Ankara, Kayseri (46); Eskişehir (48); Içel (49); Bilecik (50); Elazığ (55).

139. *Haematopota pandazisi* KRÖBER, 1936

syn. *variegata* (*Haematopota*) FABRICIUS, 1805

syn. *variegata variegata* FABRICIUSZ

syn. *variegata pandazisi* KRÖBER

Ordu, Trabzon (29); Sinop (29, 51); Içel (49); Edirne, İstanbul, Kırklareli, Tekirdağ (52).

140. *Haematopota pavlovskii* HAUSER, 1960

İzmir (29); Hatay, Içel (30); Konya, Yozgat (46).

141. *Haematopota pluvialis* (LINNEAUS, 1761)

Bolu (29); Ankara (29, 46); Sivas, Kayseri, Konya, Niğde, Yozgat (46); Eskişehir (48); Bilecik (50); Çanakkale, İstanbul, Kırklareli, Tekirdağ (52); Elazığ (55).

142. *Haematopota scutellata* (OLSUFJEV, MOUCHA & CHVALA 1964)

Bilecik (50); Kırklareli (52).

143. *Haematopota sewelli* AUSTEN, 1920

İzmir (29); Ankara, Çankırı, Konya, Niğde, Yozgat (46); Elazığ (55).

144. *Haematopota sobrina* KRÖBER, 1922
Kleinasien (Locality unknown) (14).

145. *Haematopota subcylindrica* PANDELLE, 1883
Bilecik (50); Edirne, İstanbul, Kırklareli (52).

146. *Haematopota sumelae* TIMMER, 1984

Trabzon (45).

Tribe: **Diachlorini**

DASYRAMPHIS ENDERLEIN, 1922

147. *Dasyramphus anthracinus* (MEIGEN, 1820)
Edirne (52).

148. *Dasyramphus ater* (*Tabanus*) (AUSTEN, 1925)
Çanakkale (17); Samsun (30); İstanbul, Tekirdağ (52);
Erzurum (56).

149. *Dasyramphus carbonarius* (MEIGEN, 1820)

syn. *gagates* (*Dasyramphus*) (LOEW, 1858)

Asiaminor (locality unknown) (3); as neotype
carbonarius Sakarya (25); Amasya, Hakkari, Hatay, İçel,
Kahramanmaraş, (42); Eskişehir (48); İçel (49); Bilecik
(50).

150. *Dasyramphus insecutor* (AUSTEN, 1920)

Siirt, Şanlıurfa (42).

151. *Dasyramphus nigritus* (FABRICIUS, 1794)

syn. *alexandrinus* (*Tabanus* (*Efflatounanus*)
WIEDEMANN, 1830

Adana, İçel (20); Kayseri (48).

152. *Dasyramphus umbrinus* (MEIGEN, 1820)

syn. *umbrinus* (*Tabanus*) MEIGEN

syn. *umbrinus* (*Efflatounanus*) MEIGEN

Çanakkale (17, 40, 52); İstanbul (20, 52); İçel (20,
49); Adana (29); Eskişehir (30, 40, 46); Bolu, Çorum,
Samsun, (31); Afyon, Balıkesir (40); Ankara, Çankırı,

Çorum, Kayseri, Kırşehir, Konya, Nevşehir, Niğde, Yozgat
(46); Bilecik (50); Edirne, Kırklareli, Tekirdağ (52);
Erzurum, Kars, Muş (56).

PHIIPOMYIA OSUFJEV, 1964

153. *Philipomyia aprica* (MEIGEN, 1820)

syn. *graecus apricus* (*Tabanus*) MEIGEN

syn. *graecus graecus* (*Tabanus*) FABRICIUS

İçel (20, 49); Hakkari (24); Afyon (28); Bursa (21);
Ankara (46); Eskişehir (48); Bilecik (50); Kastamonu
(51); İstanbul, Kırklareli, Tekirdağ (52); Erzurum, Kars
(56).

154. *Philipomyia graeca* (FABRICIUS, 1794)

İçel (49); Erzurum (56).

155. *Phiipomyia rohdendorfi* (OSUFJEV, 1937)
Artvin, Kars, Rize (42).

156. *Philipomyia zizaniae* (LECLERCQ, 1966)

syn. *graecus zizaniae* (*Tabanus*) LECLERCQ

Adana, İçel (29).

The species *Tabanus polygonius* Walker and *T. pulvifer* Walker, which were previously recorded from Bagdad (Iraq) for the fauna of Turkey by Walker (1), are not included in this checklist. Since then, these two species have not been identified in Turkey

Although *Tabanus roussellii* Macq. and *T. sabuletorum* Lw. have been reported for the fauna of Turkey (26, 29), Chvala did not give any information about the existence of these species in Turkey (47). For this reason, these species are not included in this checklist.
