SCOPE OF JOURNAL

- The Turkish Journal of Biology is published electronically 6 times a year by the Scientific and Technological Research Council of Turkey (TÜBİTAK).
- Accepts English-language manuscripts concerning all kinds of biological processes including biochemistry and biosynthesis, physiology and metabolism, molecular genetics, molecular biology, environmental biology, microbiology, neurobiology, genomics, proteomics, molecular farming, biotechnology/genetic transformation, nanobiotechnology, bioinformatics and systems biology, cell and developmental biology, stem cell biology, and reproductive biology.
- Contribution is open to researchers of all nationalities.
- Letters to the editor reflect the opinions of other researchers on articles published in the journal.
- The editor may invite survey reviews concerning recent developments in particular areas of interest.
